The Poet's Word

Now and then the English renderings of my poems have appeared in many dailies.

Selections from my poems have been included in the syllabus of several Indian Universities. The vernacular version of these selections is available for perusal in the respective provincial languages.

The Universities of Malaya and Singapore have made selections from my poems for inclusion in their syllabus.

Recently I paid a visit to Sarja, the Arab country. There I was pleased to hear that my poems have Arabic and Urdu renderings.

My poetic ideas were condensed in a booklet, namely, Poems of Surada and it was released on my 74th birthday.

My esteemed friend Thanjai Prof. A.K. Moorthy has beautifully transcreated this collection into English with remarkable depth in all aspects. It is a fitting release on the occasion of my birthday.

M/s. Valluvar Tamil Peedam, Chennai has come forward to publish this English version with a neat get-up in time.

On this happy occasion I feel elated to express my heartfelt thanks to both the transcreator Thanjai Prof. A.K. Moorthy and the publisher Mr. A. Thiruvasagan, Chennai.

Publisher’s Note

This popular edition is a transcreation of the Tamil edition published in 1995. Thanjai Prof. A.K. Moorthy, erudite Editor, Anna’s Speeches and Writings and also a lover of Poet Surada has done this job with meticulous care and exemplary zeal. He has written a scholarly critical analysis to the transcreation work as well. Simile Poet Surada has given his assured assessment of the rendering in his own way.

We feel extremely happy to publish this standard work for the use of both Tamil and non-Tamil readers. For easy access to research, a biographical sketch, an index, glossary and a thorough bibliography have been appended at appropriate places.

In fine we thank wholeheartedly Prof. A.K. Moorthy and Poet Surada for their succinct analysis and assessment. We solicit constructive criticism on the work from readers and scholars.

Chennai-78. 15-11-2004

Rajeshwari Kalladan
A. Critical Analysis.

Introduction: Surada (Suburathinadasan) is a matchless modern Tamil poet. He is rightly called the simile poet just as we call Anna, our beloved, alliteration Anna. It is an honorific expressed in the right sense. He belongs to the proud poetic generation of Pavendar Bharadidasan, (the King of Poesy) after Bharathi, the people’s poet or the great poet. The title Peoples’ Poet was convincingly conferred by Anna (C.N. Annadurai, the great intellectual of Tamil Nadu) in his radio talk under the same title, 1948.

Period: The transcreation work under criticism is in free verse. It spreads over a period of 50 years from 1946 to 1995. It is a popular edition for lovers of Surada, containing the extracts of his poems that he had composed during this period now and then.

Classification: The work contains altogether 142 captions. Each caption is followed by excellent extracts. They may be classified as follows:

(1) Nature -29
(2) Ethics and Philosophy - 10
(3) Literary Forms - 4
(4) Arts - 10
(5) Education -56
(6) Men and Matters -13
(7) Love and Life - 17
(8) Self -3.
**Surada’s Poetry**

Of them the longest is Love and the shortest is The Fruit and Corpse. The first caption is Nature and the last one is I Know Well. His Select Thoughts also is a caption that follows the last one.

**Sources:** They are books and periodicals. The books are the poems of the poet himself. They are 9. The periodicals are 28. Most of them are prominent Tamil Journals. One of them is the Poet’s bimonthly, bearing his own name **Surada**. Some cine lyrics, blessing poems and (radio) Poet’s Forum poems have also been included in the edition (vide bibliography and biographical sketch).

**Caption:** All the 142 captions used in the compilation are short and suggestive. They convey the central idea of the extracts of each caption.

**Salient Features:** Broadly speaking, there are two kinds of poets in Tamil: one the poet of refinement and the other the poet of redundancy. The former creates classics. The latter composes mere ceremonial songs or cine-lyrics which are ephemeral in nature. Poet Surada belongs to the former category by dint of his innate genius.

What creates a sense of awe in our minds is good poetry. Naturally it touches our hearts. No doubt, Surada’s poetry does this job dynamically.

Simile is part and parcel of his poetry. It is clothed in fresh novelty. It is the very key note of his poetry.
Surada's Poetry

He treats all subjects in a masterly manner—be it love, nature or intercaste marriage. He follows the rich Sangam tradition of tranquility in the treatment. His poetry is full of fine ideas as well.

He solemnly submits that he neither copies anyone nor commits plagiarism. The critical analysis clearly confirms his submission.

Lastly, his poetry is a living example of Anna's three Cs with regard to Tamil Literature, namely, Compassion (நேதி), Clarity (தமதி) and Courage (தேசதி).

Style: The style is the soul of a writer. It expresses his potent personality. Surada's poetry is an explicit expression of his exploratory personality for the sake of high truths and ethics. It is marked by originality of thought, sublimity of expression and pervading perfection mixed with clarity and simplicity. In addition, there is a rich vein of humour and wit in his poetry which is a flash of his poetic genius. To conclude we can proudly say that Poet Surada has a distinctive style which is totally different from others and it is Surada's Style, veracious in nature.

Message: The message is this: "Think always highly and write sublimely in your own way for the glory of Tamil and the Nation."

Prof. A.K. Moorthy.

The cuckoos coo to mark the advent of summer.
Beautiful and colourful is the bough.

The seashore is the mattress of the sea-land (Neidal)

6. The Time (Seasons)

Cold connotes coming into being.
It is the cause for the living
creatures of the world to come forth from the embryo.
So it is called the cold season.
During this season cold wind blows mercilessly.
The floating cloud becomes pregnant.
The young ones come out from the fish spawn in the pond

The hot season is the one giving out scorching heat.
Both the mild hot season and the severe hot one are the children born out of the furious red rays of the sun.

April and May go by the name the mild hot season.
It is the best season for the cuckoos.
The dirty beetles peep out their heads in the buds just spread out.

August and September constitute the cloudy season.
The age of this season is sixty days only.
During this uniform season the watery cloud takes out its slow procession.
The northern wind makes its way frequently.
Surada's Poetry

The morning dew season follows the evening
dew season in succession.
In this perilous season, the breeze gently breaks out.

The severe hot season brings forth unbearable heat.
The arrival of summer marks the blowing of hot wind.
 Everywhere the cheating mirage is prevalent.
The skylark and other birds sing in ecstasy.
The jasmine and other buds blossom out.

It was the (golden) period
when the enlightened learning of Tamil literature
was the focus. This is also the period
when sensual sex embrace is the climax.

Dew means chilling.
The dew makes everyone shiver.
because of its shivering nature,
we call it dew-drop.
Born before, just like the elder brother,
the evening dew season is the preceding
morning dew season.
And it makes all of us shiver daily.

Spring, Summer, Autumn and Winter)

All the cosmos is the pretty pattern of beauty.
The blue sky is the highway of the red rays.

It is the morning glory of the cobalt blue sky.

It grows like the company of the good people.
In a few days her wet body weakens.

stirring the sweet-wording poets.
It pins its love on the heaven.
It is a pretty virgin wandering nakedly.
It is the mute crawling in the noisy cloudy sky.
Oh! It is a silver tortoise.
It is waning with wasting pallor.
It bleaches out the darkness of the night.
It is as pleased as a mother's heart.
It is like a disc in shape.

The rain water pours down like a string of harp.
It is nourishing mother's milk to all plants.

* 

Lightning is the loud laughter of the cloud.
The rain is the sweat cleared out by the clouds.
To the herb and shrub the rain is the life-giving water.
It is the nourishing water to both sesame and oats.
13. The Water

The cloud rolls out from the salty sea.
The pure white rain is the spit thrown out by the cloud.
It falls down like the string of harp.

It is the nourishing milk to all plants.
What we call lake, river, dark sea, pond and tank
are five waters belonging
to the beautiful family of waters.

The lover said, “Love is the haste of youth”.
The love said, “Rain water is the harvest of the sky”

Denoting the fringe of the sea-land

-Periodical Surada, 1.12.70

The human law is one of rejection.
The law of the sea is one of approbation.

Oh! An undrawn painting
The lotus bud of the pond.
You are inseparable from land.

The false sea is fenceless.
It has borrowed its colour somewhere.
It goes by the name dark sea.
It is the body of water tending to swallow the land.

The ancient king embraced many a woman
to be cheerful.
Likewise the lord of water (sea) embraces
The wriggling and curving rivers.

The spotless white river
Is the darling of the bankless dark sea.

Oh! The dark sea calls forth.
It is the mirror of the blue sky.
Behold the sea of snow flowing briskly in the valley.

of the paddy field.
You the burning lamp!
You are the sun
burning with oil,
You are the serial story of the fire.

* * *

It is our domestic wick lamp.
It gives birth by mouth.
It drinks water by its tail
and drives out darkness.

39. The Widow
The maiden without her husband
and the sea without a ship
are the same.

40. The National Liberation
To the kissing lovers
What is significant?
It is the liberation of the country.
Let us start with valorous clarion call.
Let us laugh away the death at war.
41. The Nation

I became flesh.
The flesh became life.
I became a Taminian.
Oh! The honey sweet country you bear me.
Oh! The country of sweet Thirukkural,
You are the bearer of the blue sky
My cradle is your bosom.

-Book Honey-shower.

Oh! Motherland.
I even eat the bran to honour you.
Oh! Sweet Motherland.
I even stand on fire
in order to liberate you.
Oh! Lovable Motherland.
I even accept the poison of the enemy.
Oh! Valorous Motherland.
I never fear death
in the dauntless deed of saving you.

-Periodical Surada, 15.03.68.

Oh! Motherland
You have gloriously evolved
from the land of the forest
the land of the mountain
and the land of the sea.
You have the honour to be
the land of the breeze.

-Periodical Surada, 15.03.68.
Surada’s Poetry

History is a scar of every country.
It is the struggle to drive out
the pitiable poor economy of the country.

-Book Honey-shower.

Never deviate from the path of virtue.
Never forget your Motherland.
Don’t exploit.
Don’t lose self-respect.

-Cine Lyric.

The land of perfect Tamil is the best land.
It is the home of Nature.

* The sun is burning without oil.
It is independent by nature.
In this world, the land of perfect Tamil too is capable of functioning freely.

* Our land is a land of even-breeze
It is full of learned men and artists.
In the ripe knowledge
it is the oldest land.
It will never retreat,
come what may.

-lyrics.

If you die, die for the right.
It is the historic valour of Tamilnadu.

-Book Honey-shower.
The angular Tamilnadu  
is the land of the mountain  
It is older than any other land,  
It is the granary of the paddy.

-Periodical Tamilnadu  
Pongal number, 14.01.62.

All men find pleasure in food,  
The great poets find food in pleasure.  
Other languages are not as sweet as Tamil,  
There is no land without change.

-Periodical Tamilnadu  
Pongal number, 14.01.65.

The field sleeps gently  
touching the water of the channel.  
There the message of plough is imminent.  
In the nourishing milk of the mother  
both the family story and history  
will be a judicious mixture.

-Book Honey-shower.

42. The Limit

If the limit of the wave exceeds  
the parts of the sea-land will be ruined  
If the limit of art exceeds,  
the social thoughts  
will get charred.
Surada's Poetry

43. Betrayal
The little forest fire is the laughter
of red orchard flower.
Oh! Parrot,
The greater fire of the country
is utter betrayal.

-Book Honey-shower.

44. Deceit
One may get other's property by robbery
destruction theft and cheating
The wealth earned blamefully
will ever avenge you.
It will never sleep until it is done.

-Poem sung under the title Not Doing Evil
on 13.01.68 at Madras Radio Station.

The honey dew sleeps in the soft blossom.
The lily sleeps in the sunshine.
The arrows sleep in the middle of the bow,
Ah! Deceit sleeps in utter guise.

Even if crises corner us
and even if unhappy events rock us
let us simply laugh them away.
Deceit never enters
in the laughter of laudable people.
Surada's Poetry

The Vangai tree gives room
for the peacock to sleep.
The mad elephant will destroy
the millet under its feet.
The bund will indicate
the water of the fields.
The land of the forest will explain
the prosperity of the country.

-Periodical Surada, 01.12.69

45. Hatred

The dirt of fire is smoke.
The dirt of thought is hatred.

46. The Evidence

When the eye and the object mix it is sight.
In this world it is the sight only
the reliable evidence.

47. The Town

Is it the pleasing park
or the house, a beauty of the town?
No, certainly not.
At least it should have a few men of
exemplary conduct and culture.

48. The Tamils

The complexion of a Tamil is fairly red
Redness means youth of darkness.

-Periodical Literature, 20.05.58.
Surada's Poetry

The Tamils of global fame will examine
everything critically.
They will codify and classify it.
It is their natural talent.
(Three aspects of Tamil and five divisions of land)
-Periodical Epic, 09.03.56.

Oh! Tamils of today live a life of fame
just like the Tamils of yore.
Protect the perfect Tamil.
Cast off the cheating attitude.
-Book Honey-shower.

We have become weaker.
We have been degenerated.
We have forgotten Tamil.
We write this, explain this
and speak of this.
Oh! Even our own brethren
oppose us determinedly.
-Book-The Queen.

The Tamils are an exclusive throng.
They are proud like the yak.
It is the Tamil who gives a feast
even if the honey goes dry
(It shows the high culture)
49. The Tongue

"Which is the heavenly ambrosia?" asked he.
"It is the falling rain," said I.
"The face is sweeter than the honey," said he,
"The Tamil is the sweetest", replied I.

Mate : An unlettered man is a dead log of wood.
Maid : He is worse than the vomitted food.
Mate : Even the candy and the honey taste bitter.
Maid : It is due to the result of
hearing the virgin Tamil music.

-Periodical Malaimani, 12.06.53.

One who renders remarkable service
to the nation and the language
like his ancestors
is like an apple of the eye.
He is also like the kernel of the seed.

My tongue is Tamil, the gracious.
It is the reservoir of honey.
My tongue is Tamil, the gracious.
It is the nourising milk to me.

-Book Honey-shower

All my mind, thought and action are Tamil,
I should say.
It is all my voice, song and taste, I should say.

-Book Honey-shower.
Surada's Poetry

I give my heart to the utmost morals.
Daily I enjoy seeing painting.
Even if an array of an army comes to ruin Tamil,
I shall never fear.

-Book Honey-shower.

If you fear swimming,
Can you take pearls at the deep sea?
Just like the sheep's hasty grazing
One who has superfluous learning,
Cannot realize the three aspects of Tamil (Muthamizh)

* *

"The lip is the sharp split of the diamond," said I
"It is for praising Tamil", replied she.

* *

The learned sayings of the wise
Are stamped (standard) gold.
A feeling of one's own language
Is the basic feeling.

* *

If the oral language grows,
The mother tongue also grows
If mother tongue wanes,
Self - respect also wanes.

-Book Honey-shower.
Those who saved the head,  
the leg and the hand  
(heroes and patriots) are no more.  
In history the saviour of Tamil never dies.  

-Book Honey-shower.

50. Justice

If the shadow of poison is cast  
on the food mixed with ghee,  
Death is imminent  
Likewise if justice is blemished, truth will die.  

-Periodical Surada, 15.03.68.

The morals preached by the ceaseless men  
of high calibre will go on for ever.  
They will never be weakened by any force in life.

51. The Right

The rule of the citizens of a country  
is the right governance.  
Here the people who landed from other countries,  
dominated us for a long time.  
What rights do they have?

52. Caste and Creed

Religion will go if reasoning grows.  
The more the reasoning,  
the lesser the religion.

-Book Honey-shower.
Surada's Poetry

If there is no revolt,
there is no renaissance
A poetry without a novel idea
will not last long.
A caste and religion-dominated
country will rarely progress.

-Periodical Malaimani.

Those who think
they are high by birth and colour
are all wicked and fantastically foolish.

Let us breathe our last
for the good of the country.
Let there be a society
without caste atrocity and domination,
which are really the rock-like obstacles.

All caste, religion, sastras
and the difference of the rich and the poor
are hostile forces of the old order.

Be bounded by love.
Just like adding copper to gold
let the intercaste marriage go on.
Then all the caste will disappear
just like water drops fallen on the red hot iron.
53. Socialism Capitalism and Conciliation

The sunshine, the rain and the wind
are all the socialism granted by God.
The group which exploits the country is capitalism.
If the poor revolts,
comes the conciliation.

-Cine Lyric.

54. Culture

What we cultivate is culture.
If high culture should be fostered
then wounding other's feelings should go.
Simultaneously, the most glorious acts
also should be done.

55. Festivals

The sweet festivals are the best means
to gather at a place
the people scattered everywhere.

56. Pongal
(Festival of Labour)
The speech and writing of a fitting person
is indeed a festival of labour
It is a service done to one's mother tongue.
The festival at home is the fruit of the people labour.
Surada's Poetry

It is the festival of cooking sweet rice for prosperity.

57. Unity

If truth and love unite, even the glowing fire becomes the good sandal. -Lyrics.

Finally justice will triumph. Believe it firmly. Unity is the backbone of the country. The wicked enemy's attack is just like a fragment of fuel wood falling on fire.

* Refuting always everything is never a talent. A good heart lessens vices softly. If the country should progress, let us have a feeling of national integrity

* The people of frustration only create discord in society without any norm whatsoever. If qualities of generosity and peace be on the decrease, the social solidarity will be at stake.

58. Co-operation

If summer changes, there is cold. If co-operation exists, it will stimulate growth.

59. History

Birth and death in this world are common occurrences.
The true history of a man's life is his own abilities.

60. Industrial prosperity
It is not enough if we worked
at the paddy fields for long.
In addition we must also carry on
other trades to augment wealth.

* The family prosperity protects health.
The excellence of music protects the song.
The vocabulary protects the language,
Oh! The industrial property protects the country.

* A good Tamil lexicography,
Tamil music, agriculture and engineering
we need all these
fields of knowledge.

* Not only the strength of the shoulder
but also the industrial growth
are essential to the country.
It is useless if mere muscle
growth takes place.

* The textiles give us clothes.
The field of grammar arguments prosody.
Engineering creates new buildings.
61. Science

Love of mother tongue and its nourishment should go hand in hand.
We should always aim at critical studies.
We should also foster science.

62. The Radio

The radio is our hand.
It is the tiny kitten of science
If you sneeze it will also sneeze,
If your sleep, it will also sleep.

63. The Weaver

The poet is aged by time.
The weaver is more aged than the poet.
He is an adept at making decorative work in clothes.

64. The Cricket

The cricket is a field game.
Oh! It shows the disabled movements of the old age in a new way.
Understand this!
65. Film World
The cine-world is a pitcher of honey
It is a world of enticing beauty
It induces the youth
It stirs sweet desire often
It is a university

* 

It is a staircase with
ascending and descending steps.

66. The Story
All story is word cracks.
Fables are nothing but hardened imagination.
-Periodical Surada.

67. The Prose
Every occurrence in the country is a short story.
The style of poetry of good people is ambrosia.
The prose is like the public food.
-Book Harbour.

68. The Writer
A good writer is like a sugarcandy.
His writing is like the tap root.
69. Books

If one likes to do something good
to the country through epic,
it is useless, as well as worthless
to produce works of ephemeral nature in plenty
like white ants during one’s short period of life.

A writer during his life time should produce
a great work with fresh ideas.
It should be respected by the great people.
It is the only way to sustain glory for ever.

Oh! The ancient literary works.
They are the ships to go deep into the sea.
Oh! the didactic works.
They show us the right path.

-Book Harbour.

70. Dance

The dance is an undelivered speech.
It is the very breath of our Mother Tamil,
It is indeed an intricate art.
It changes the eye into the tongue.

-Periodical Surada, 01.12.69
71. Art

The grazing zeal for the sheep
The writing zeal for the creator
The selling zeal for the merchant
The working zeal for a few people
The fire zeal for the blacksmith
All these kinds of zeal are but natural in all these cases
But it is hard one to be endowed with
real zeal for art.

-Periodical Surada, 15.08.69

Reading is an art
Writing poetry is an art
Arranging flowers is an art
Even gently touching a girl is an art

If sales increase
the yield also will increase
If imagination blossoms
many arts will blossom
excellently in the country

Beauty in thought.
Intoxication in beauty.
Intoxication creates new desires.
The new desires create
relationship and intermingling.
Surada's Poetry

Production is the delivery of a living creature.
By mingling the domestic art grows.

-The drum was sounded.
The harp was played.
The daughter of the celestial beauty,
the darling of every one, danced on the stage,
No doubt the characteristic sign dance is an absolute art.

* The country is in need of wonderful arts.
Suffering never burns the mind of an artist.

* The galloping of the deer in the land of mountain
and the display of the rising waves
are all wonderful arts.

* The objects done with the aid of nature and nurture are all important arts.

72. The Song

There is no change without correction,
Change and write.
The meaningless song is undigested food.
It is just like the unwanted caste and creed,

-The seed becomes the tree.
The tree blossoms and gives fruit.
The poem is a similar effort.
Only those who have keen intellect
can bring out a revolution in literature.
-Periodical Surada, 15.05.68.

If the height becomes horizontal, it is length.
If the mind is made mature, novelty results.
Tears are at the height of affliction.
If you give life to words, poetry blossoms.

* *

If minds mingle, love springs up.
thought becomes sweet.
Those who have the essence of learning,
compose poetry of achievement.
Indeed, they are the greatest people.
-Periodical Surada, 15.04.68.

The epic enthrals emotions.
It brings about a dream of learning:
The eyes become bright.
Even if you sing of a sinner (Satan-Pradaise Lost)
His name will go for ever in literature.
-Periodical Surada, 01.05.68.

When you bake bread
The cavity hole finds a place
in the centre of its own accord.
Likewise, in the epic, the ideas will never
jump into it from somewhere.

* *

The poem is a literary form
textured by prosody.
Surada's Poetry

The best poetry of the best poets
not only enthrals but also enlightens you.

The moon is a single entity.
It gives light to the whole world.
Likewise the wise poetry shows the wise idea.

It is a good policy to provide medicare
to the whole country.
Likewise the idea is a measure of poetry.

-Periodical Surada, 15.04.68.

73. The Poets' Forum
To the learned, the poets' forum is a well of honey.
It is the awl to the unlearned.

74. Simile
Idea is of paramount importance in poetry.
The simile is a must.
It is the life force of poetry.
It adds profundity to poetry.

A poetry without simile
is like an eatable without salt.
The unblossomed lotus
Surada's Poetry

is like a maiden without grace.

🌟

To strike a comparison,
An allround ability is needed.
An industrious person alone
is endowed with that ability.
Excellence is largely wanting in the case of
saltless food and simililess poetry.

-Periodical Tamilnadu, 14.01.65.

75. Learning

Chastity gives fame
Love gives joy
Learning improves knowledge.
Two cutting knives fear each other.

🌟

When we are in mother's womb
Where are the caste and creed?
Which thing in the world is so permanent as learning?

-Periodical The Procession, 15.05.63.

There is more nectar in the lotus.
There is more taste in the pure Tamil word.
There is darkness in the mind of the commoner.
But there is more clarity in the mind of the learned.

-Book Honey-shower.
76. Valour

The death of light is darkness.
The effect of valour goes by the name heroism.

77. Industry

One who realizes the truth is beyond difference.
There is no difference, either high or low, in birth.
There is no harvest in the field if we do not sow.
There is no progress in the life of a lazy man.

-The Lyrics.

The centre of the sea is the cloud.
The centre of the dream is the eye.
The centre of life is the body.
Industry alone is the centre of life.

Once who lives in the world without industry
is like the sterile flower of the sugar-cane.

If there is more imagination,
then learning should be improved.
If we are fond of success,
we should work ceaselessly.

-Book Honey-shower.
The mate: Can a widow be married again?
The maid: Let the viable seed grow.
The mate: Can one progress in life without industry?
The maid: How can a pearl reach the shore of its own accord?

-Book The Dynamic Youth.

We spin the cotton in order to get yarn.
Any country can advance only by industry and not by mere preaching.

-Book Harbour.

The result of beating is cotton.
The result of the penning of the learned is poetry.
The result of the fire is the oven.
The result of the tuning of the harp is music.
The result of the fertility of the soil is the paddy and grass.
Likewise raise yourself by your own effort.
The world will always go after the great people.

-Periodical Surada, 15.05.69.

78. The Sweat
Surprise: It is the explanation of a new feeling.

Novelty takes leadership.
Novelty is constant.

-Book Honey-shower.

83. Action

A few persons will do all.
They will do them imperfectly.
A few people will do only one thing at a time.
They will do it perfectly.

-Book Honey-shower.

Truth will lead us to good.
Action shows the great to us pinpointedly.

84. Fame

The gold and the damsel are the incarnation of Beauty
The fame only is the ornament of
the enlightened knowledge.
Influence will cross four or five destinations only.
Surada's Poetry

The good fame will even cross beyond nation.

The glory pierces through all directions.
The higher fame lives long by overcoming death.

To come closer, good relations are needed
To grow larger, rising fame is required.

If all the excess becomes water, it is the sea.
If all the remainder becomes knowledge, it is fame.
The poets are for all praise.

The sweat of the blossom is honey.
The eyes that war everyday are the fish's.
Oh! Damsel, False fame dies.

-Periodical Surada, 15.07.68.

The learned limited the boundary of Tamilnadu
by means of milestones and seas.
The ancient poet wrought a faultless fame
by the clever employment of the choicest words.

-Book Honey-shower.

Light means dignity or respect.
It is the influence that one has during one's life time.
To put it clearly, fame only is eternal.

-Periodical Thennagam, 03.06.71.
I always pen a poem of popularity.
There are an enthusiastic throng of poets to follow me.
The conceived girl will give birth to a child
My kernels also will be the nourishing mother to my fame.

-Book Honey-shower.

What is called joy is faith.
What is called sorrow is also faith,
To examine critically the fame and glory
serves as a warning to indicate
the danger awaiting us.

* *

The egg floating on the flood
will quickly perish.
But the fame of a leader (Anna)
who finds a place in the minds of
the people will never perish.

-Periodical Surada, 01.10.69.

It is the corn field that gathers paddy.
It is the tree that gives us cool shade.
It is the deer that eats the green grass.
Likewise the greatest man is one
who gains glory by adding novelty.

-Periodical Surada, 15.05.68.

Let your learning be fertile,
Poetry will come.
Learn what is to be learnt.
Ability will come.
Let wealth accumulate,
Prosperity will come.
Let your abilities multiply.
Fame will come.

*“What is the sheet you spread” asked he.
“I spread my flowing hair as mat.” replied she.
“The trees never forget to spread their flowers?” said he.
“A few people fail to gain glory” replied she.

-Bopal Tamil Sangam
Special Number, 1966-67.
85. GIFT
He will give freely to those who seek his aid.
He will have pleasure with his wife every night.
He finds more pleasure in giving his wealth.

* Only a few people will speak jokingly and jocularly.
Only a few people will give when their coffers are full.

* If sleeping is considered comfort,
then we can see the food only in dream.
If receiving becomes habitual to a great extent,
how can we help others?

* A rebuking person will never find
a place in peoples’ heart.
A plagiarist will face defeat one day or other,
A pretender’s greatness is short-lived.
The world will never forget the giver’s name.

-Book Harbour.

86. Greatness
None achieves greatness by birth.
There are people who achieve
Surada's Poetry

greatness by their excellence and exemplary deeds.

87. Sacrifice

Luther King gave his life
to insist on global ties,
The generations of people
who sacrifice their lives
will be ever remembered.
Sacrifice is the limit of an individual's love.
A linch-pin to the car!
A son of mercy to reform!
He is the sacrificer.

Sung under the title-Sacrifice,
Madras Radio Station 13.04.67.

Father and mother give us the body.
In the world, death is the epilogue,
A selfish act is for one's fortune.
Losing one's comfort is sacrifice.

* 

The fish keenly looks at its young ones lovingly,
The best act is the sacrifice of mother fish.
The sacrifice of a wife is to save the foetus
in her womb with all care.
The sacrifice of a family is to help learning,
Throwing the lethal spear at the enemy
pinpointedly is the sacrifice of a hero.
Breast feeding is the sacrifice of a mother.
The best sacrifice is to give like KING PAARI.

It is the literary form of poetry
that we write
to instruct the people of the world,

The saint is irrespective of respect and reverence
that come about after one’s demise.
The saints, as we do, never seek the family relations.
Surada's Poetry

They love wisdom,
They live for love alone.

92. Instability

It is the bubbles
that the benevolent river water creates.
It lives for a few seconds only.
Our body too is like that.

Earth means atom,
Just like the potter’s bowl
Our body is a combination of atoms (elements)
Thoughts are abstract
Yet, they may be considered atoms.
If you die even after ninety years,
you are burnt.
What is the result?
The ash alone remains.

Life is short and uncertain.
Where is Nakeerar, the fearless
a member of the learned body, the Tamil Sangam?
Where are the Cholas and Cheras (Tamil Kings)?
Where is Alexander, the great?
Where is Appar (the saint poet)
who opposed the god of death relentlessly?
All have gone!
Life exists as long as we breathe.
The last cradle to us is only the bier.
93. Addition

All pictures are the addition of colours:
The savings is the addition of money.
The vast epic is the addition of poetry.
Gaining of victories is the addition of fame.

The lily and the lotus are the addition of the pond.
The rivers and the lakes are the addition of water.
The chanting of mantras is the addition of lies.
Both joy and sorrow are the addition of life.

94. Subtraction

The chaff is the subtraction of paddy,
The smoke is the subtraction of fire.
The sticky dirt is the substraction of teeth,
The skin is the subtraction of fruit.

95. Division

All the learned sixty four arts
are the division of the great brains.

The long limbs are the division of body.

Mother, father, sister, brother, son, wife and child
are all the division of society
made solely for cohesion.
96. Multiplication

The blood is the multiplication of the battle-field.
Thinking is the multiplication of mind.
The boiling water is the multiplication of a volcano.
The light is the multiplication of the sun.

*

The water is the multiplication of the earth.
The tears are the multiplication of the sufferings of the poor.

97. Arithmetic

Arithmetic is the ancient clock.
There is no Time without arithmetic.
There are no lives without embryo

*

The period of human gestation is ten months.
We are born as calculated.
We live for some time in this world.

*

We somehow render our account
and die in due course.
Everything is arithmetic.
What else is possible in this world without arithmetic?
98. Beauty

She gave sweet honey to word.  
She gave cold to the spring water.  
She gave red mouth to lily.  
Oh! She gave ornament to beauty itself.  
The scenes of nature go by the name grace.  
The form of nature goes by the name beauty.

99. Desire

We have dark outlook,  
We long for everything.  
The saints have graceful outlook.  
They never have desire.

*  
It is said that the world came into being  
from sound (Saiva Siddhanta)  
The people of such a world  
began their life in desire.  
We are equally controlled by joy and sorrow.

100. Anxiety

All the wise sayings are standard sovereigns.  
Love for one’s language is a basic feeling.  
All the didactic expositions are rich experiences.  
The unfulfilled desires are anxieties.

-Book Harbour.
101. Love

Nothing is so intoxicating
as the sweet love in this world.
It is the paradise of men.
A longing for love is a respectable forgotten thing,

-Periodical Tharagai.

"The waves are the belching of water", said he.
"The Tamil arts prolong life", replied she.
"A day will come when we can build houses
on the celestial moon (Men have landed on the moon)
Oh! Damsel, You tell story by your enticing eyes", said he.

The pristine beauty laughed like a flower bud.
"Everything is possible by women," said he.
On hearing this praising remark,
she bent her head like a squeezed saree.

* * *

"My name is Annam," said I.
"Don't you feel hungry?" said he.
I cast a rosy smile.
"The river Cauvery is deep," said I,
"Love is deeper," said he
"Why does the cock crow?" said I.
"Why do your eyes strike me like an army?" said he.

-Periodical Surada, 01.05.68.
The fighting sword and the sweet kiss
are the art fostering valour and taste.
The world is made of five elements.
Of all the arts in this world, the art of fostering love is
the foremost art.
Love is the exposition of domestic art.

-Domestic Art Annual Number, 1974.

As the refrain accompanied by saranam
(the following part) in music,
the lover embraced the lady love in ecstasy

The ancient Tamil work mentions a kind of love
it is called "Iyinthinai".
It is the sweetest love that finds a place
in the mingling of hearts.
And it is the elixir of life.

* 

The feast removes appetite.
But love is an ailment rather pallor
caused by warm bubbling feelings.
There is no remedy for it.
Mantras are of no use.
The marvellous maiden alone cures it.
Surada’s Poetry

*  
He wanted an upper storey.  
She showed the sand dune. 
“There is a room”, said she  
“I require the centre of it,” replied he.  

*  
She gave water.  
He gave her his heart.  
She responded simultaneously.  

-Periodical Surada, 15.03.68.

The midday is hot.  
The firebrand is hotter. 
The desert is the hottest.  
But the pangs of separation of love burns all these things.  

-Book The Dynamic Youth.

By his flowing sweet words  
He said, “Oh! My darling,”  
She turned with a longing desire”,  
The handsome youth cast a look of love on her.  

Even if you are away for some time,  
I shall get worried a lot.  
The sorrow of solitude will make me short.  
Nay! I shall become boiling water  

-Periodical Surada, 15.04.68.
The painting gives beauty.
The body gets nourishment from food.
The firm spirited love causes the secretion of ambrosia.
And the life also prolongs.

-Periodical Surada. 01.05.68.

Even the long mature sugarcane
is not as sweet as the kiss.
In the sleep of love, there is a hull.
Certainly, it is the desired rest.

-Periodical The Epic, 28.10.55.

"Flower means the lotus," said she.
"You are so beautiful as the lotus," remarked he.
"The park is cool," said she.
"You are like that park in protecting me" remarked he.

-Book Honey-shower.

The bough is not bough
if it is not intertwined
with leaves and flowers.
If there is no artistic sense,
Love becomes loathsome.

To the cuckoo, the mango tree is the summer shelter.
To the doves, the tower is the cooing centre.
To the peacock, the land of mountain is the playfield.
The couch is the choicest bed of the lovers.
Surada’s Poetry

* * *
In valour there is victory for only one,
In the feats of love the victory is for both.

* *
Army is the symbol of valour.
Prudence is the symbol of glory.
Moisture is the symbol of water.
Love is the symbol of exclusive joy.

* *
The handsome youth drew a line by his eyes.
The angelic beauty drew a line by her toe.
This beauty of arrow-like eyebrows charmed him greatly.
He entangled her by asking water for the hi-ccough.

-Periodical Surada, 15.03.68.

102. Memories
The nail needs nourishment from within
The sweet memories blossom spontaneously.

-Periodical Surada, 01.05.68.

The night dreams of the eyes
become the memories of the morning.

103. Friendship
The blossomed flowers of the bough
do not shrink like the flower of the pond (lotus or lily)
The friendship of the great will never shrink.

104. Affection
Affection is a flower blossoming ever in the mind.
Surada's Poetry

The moon is a flower grown by the sky
-Book Harbour.

105. Taste
The world is a continuation of memory
The story of the germs is life.
To be away is separation,
What we like most is taste.

106. Wedding
Wedding! It is the seed of red rays
Emerging out from the aged world.
It is the cause of sprouting lives.

Shame is an ornament of womenhood.
Wedding is a key to life.
-Book The Wall and Whitewash.

Wedding is an auspicious event.
It is fit enough to be a guide to each other
and to have conjugal pleasure
It purifies society.

In Tamil, wedding (Manam) cannot the fame.
The excellent fame embraces a few only.
Wedding cannot also fragrance.
It is the very breath of the blossom.
Blossoms never marry like us
The life without conjugal relations is indeed futile.

-Wedding Felicitations, 06.07.70 • 75
107. Intercaste Marriage

We adopt mixing in land
If we create the same mixing
in the minds of the people,
there is room for intercaste marriage
Caste will die its own natural death
by intercaste marriage.
To mix is to have relations.
There is not a single sustance in the world without blend
(In the case of plants and animals breeding is a must)
-Periodical The Idealist, 01.07.58.

If love becomes fruitful
and if people accept
intercaste marriage, castes fell down.
The Sastras and Kotras will become blind.

* Intercast marriage is like Neidal (the land of the sea)
Love marriage is like Kurinji (The land of the mountain)
Reform marriage is like Marutham (The land of agriculture)

108. Tali
(Sacred Cord)
So far we were alone.
To day we are united.
Let us have pleasure and pain alike.
This is the principle of the sacred golden cord.
-Book The Wall and the Whitewash.

109. Husband

He hears what his wife says.
He pleads with her every day.

110. Wife

Next to mother is wife.
A good wife is the cause of family.

*  
Every man on earth has books,
Wife and babbling children.
It is a singular feature.
Books give knowledge.
Children and wife give pleasure.
Without wife the family life will not be really sweet.
-Book Honey-shower.

The wife lives as close as the year and month.
She is the light of the family.
She is the guide as well.

*  
Of Agam (love life) and Puram (valour life)
The authority of love is the wife.
She is the fitting boat to cross the river of pleasure.

*  
The wife of the moon is the star.
Thought is the wife of reasoning.
The river is the wife of the surging water.
Surada's Poetry

The prosperity of a country
is in the hands of good leaders.
So also the prosperity of the family
is in the hands of good wives,
the women of spear-like eyes.

-Periodical Surada, 15.03.68.

The help of a friend never lasts long.
It is the help of the wife that goes on for ever.

*

Unlike the cracked betelnut,
the wife in her destined life
plays her part prominently.

111. The Cot

The throne (King's Cot) was in the past.
The drum cot was in those days.
The kings' rule became democracy.
Now we do not have these two kinds of cot.

* 

After attaining womanhood,
the bridegroom is a necessity.
After marriage the cot (bed) is essential.
Life ceases after all pleasures.  
It claims only six feet of earth for rest.  
First we are in the cradle.  
When we breath our last,  
We are carried on the legless cot (bier).

-Cine Lyrics.

112. Nuptial Night

It is a joyous first night  
for the newly married couple.  
They enjoy all sensual pleasures freely.  
They have sex as the climax.

113. Silence

Silence is the apron of ignorance of a fool.  
King Paari is the human cloud.  
The bird is a higher class.  
The rain is the sweat of clouds.  
Silence is the cork of lips.

-Book Harbour.

114. Kiss

Kiss is a war of lips.  
It is a routine rehearsal.  
It is fomentation without warmth.
115. Pleasure

Anyhow poverty should go.
If not it should be made to go.
Then only all the people of the country
will enjoy pleasure.

-Periodical the Epic, 10.02.56.

Arson, atrocity and vengeance all these give pain.
What is then pleasure?
It is an event free from all evil.

-Madras Radio Broadcast, 13.04.68.

Pain pricks sharply.
So it is compared with needle.
Pleasure unites the world.

-Radio, Madras Broadcast, 13.04.68.

It is a pleasure to learn ancient Tamil.
It is a pleasure to go on tour to various countries.
It is a pleasure of life to accept novelty coming in.

-Book Honey-shower.

Pain is a full stop to pleasure.
During the pulsating youth,
all the pleasures are a non-stop.

116. Joy

Love affair is the joy of the two people.
The festival affair is the joy of all.
117. Family

Night and day are natural family.
Number and letter are the literary family.
Song and dance are the dance family.
If you rear more children,
then your family will be
like a boat dashed against a rock.

118. Mother

Mother gives us all
like a proverbial coconut tree
Solitude is the story of separation.
Motherhood is the story of the germ of embryo.

* *

The womb of the irrational beings is the earth.
The womb of the rational beings is Mother.

119. Child

The lotus and the lily are water flowers.
The tender shoots like children are the nascent flowers.
If you lose faith, there is no friendship.
To those who are drenched completely,
there is no question of being wet.
To salute for everything is meaningless.
There is no better philosopher than the child.

-Lyrics.

The harvest of the learned is thinking.
Likewise the harvest of parents is the child.
Other treasures protect selfishness.
The child wealth protects mother.
It is the fortress of family life
to both father and mother
It is also an enviable treasure.
Where there is child,
it is the abode of bliss.

-Periodical Surada, 15.03.68.

The movement of the eye is love.
The movement of the lovers' cot is conception.
The movement of the cradle is the child.
The child is like a tender leaf.

120. Cradle
The cradle is the boat of every beautiful child
It is the swing as well.

121. Family Planning.
Don't be desirous and hasty in giving birth
to children, a male and a female one after another.
It is an unacceptable mistake.

*
Surada's Poetry

It is the planned family
that gives you solace and solemnity.
A learning with a fake degree
and a life without culture and planning
lose all significance.

-Book Harbour.

Giving birth to many children lengthens the list.
Giving birth to good children adds greatness
to the country.

-Felicitation Poem.

Wealth brings prosperity to the family.
It is not by rearing children.
A family that rears children constantly
cannot be contented.

-Book Harbour.

Every child is the result of sex.
It is harvest of sex urge.

-Book The Wall and the Whitewash.

A good country is one
which has less laws and more rights.
A good (prosperous) family is one
which has one or two children.

-Book The Wall and the Whitewash.

There should be restriction in rearing children,
if we want to have really family prosperity
and social solidarity.
If not, the family prosperity will be a waning moon.

-Periodical, Surada. 01.10.69.
122. The House

The daughter-in-law is like water.
The aunt is like a fire.
If such is the case,
It is the darkest house.

123. Life

The war life is a life of valour.
The life of beauty is a rare combination of
kindness and virtue.
The plough life is an exalted example
to the whole world.
If upright life is crooked,
there will be crookedness
both in land and mind.

-Preface to Bharath in the Battlefield.

Cutting is killing.
If you add beauty, it is art.
If affection and virtue combine, it is a blissful life.
Sleeping is utter laziness.

One who thinks that he can live
without limits is not a responsible man.
One who thinks that he should live within limits
is a respectable man of society.

-Book Harbour.
The snow of the month Thai
will never be hot.
Tamil poetry never tastes bitter.
There is affable amity in a life
that discerns truth in everything.

* *

Behold the growth of the seed in the tree.
Behold the growth of the flame in the light.
Behold the greatness of mind in fame.
Behold the greatness of life in pleasure.

-Life is a judicious mixture of affection
and affliction, poverty and riches.

124. Hero
The plough man is the hero of the plough field
The wicked man is the hero of national crisis.
The scientist is the hero of wonders.

* *

The poet is the hero of imagination.
The eye is the hero of dream.
The merchant is the hero of selling,
Oh! Pure man is the hero of liberation.
Surada’s Poetry

The poet’s duty is to write poetry.
The bard’s duty is to tune the harp.
The wife’s duty is to look after the family.
Above all, the duty of a good leader
is to create good laws or rules.

-Book Harbour.

An intellectual is one who dives deep
into the white sea called the big brain
to take pearls.
He is a rare birth.
In this world he is the hero of fame.

125. The Nectar

The sky feels evening swoon.
The bee feels the swoon of nectar.
The evening swoon gives joy.
The nectar swoon ruins life.

-Periodical Surada, 15.04.68.

126. Ethics

Who is the great man?
It is he who creates world classics.
Whoever may be the great,
the index is ethics, because the ethics alone
(good conduct) is the embodiment of life.

-Periodical Surada, 01.05.68.
127. Frugality

*Frugality is needed from the gate to the kitchen.*
*It is essential that we should reduce*
*our desire, dressing and all.*

-Radio-broadcast, Warfront, 23.10.65.

To restrict discomforts, we should follow
the principle of frugality.
An enthralling and glamorous life is of no use
either to the individual or to the nation.

-Book Harbour.

A great intellect is vitally necessary
for a life of name and fame.
Frugality will help us to live a comfortable life.

-Book Harbour.

In the name of liberal attitude,
it is not advisable to spend money extravagantly.
Extravagance is the seed of epidemic poverty.

-Book Harbour.

The frugality (economy) of prose is poetry.
The frugality of emotions is humility.
The shame of a damsel is the frugality of love.

-Book Harbour.
Suad's Poetry

To pray piety is needed
To save intelligence is needed.
Which is preferable?
Piety or frugality.
It is frugality.

128. Nothingness

Illiteracy should be eradicated,
Eminent epics should be produced.
All should have equal rights
to achieve all the things.
Nothingness should go once for all.

129. Poverty

I have no funds.
I have no lands.
I have no house.
I have nothing of my own.
This is not poverty.
The loss of intellectual acumen only is poverty.
If you grasp this crisp idea,
you will get rid of the feeling of
nothingness or poverty completely.

-Book Honey shower.

Just like the prickling thorns of the mature rose,
Both poverty and affliction pierce life.
Surada's Poetry

The tree drops leaves.
Its branches look like a sieve shade.
Oh! Parrot, it is a sign of poverty.

-Book Honey-shower.

130. Appetite
Sleep appeases mind.
Food appeases appetite.

All the rhythm is the feminine voice of the song.
All the red torches are the lights
mad after consuming oil.
The high people fear blame terribly.
The low people fear the pinching appetite only.

-Book Honey-shower.

131. Anger
Cunning spoils certain people.
The tears spoil some poor people.
Jealousy spoils some people.
Anger spoils some others.
Surada's Poetry

* 

The fury of the river is called flood.
The fury of the king is called valour.
The fury of the wind is called storm.
The wrath of the ocean is called calamity.
The maiden is as pristine as gold.
Her anger is called dislike (feigned aversion)
The fury of the fountain is called the water-fall.
The anger of the great people is called the curse.

132. Blemish

If the mind becomes dark
just like the colour of the pregnant cloud.
then deceit forms.
Wherever you dig, there spreads water.
Likewise all the fault of the wicked men rests in their act.

- Radio Broadcast, Madras, 13.04.68.

133. The Prisoner

The lover is a prisoner of protection
The husband is a prisoner of life.
The poet is a prisoner of imagination.
The reader is a prisoner of book.

- Book The Wall and the Whitewash.
134. Affliction

The words uttered once cannot be easily withdrawn.
Though you weep a thousand times,
can it lesson your affliction?

* All affliction will prick like the sharp end of a needle.
  -Radio Broadcast, Madras, 13.04.68.

A rolling pebble gathers no dirt.
A man who cuts his coat according to his cloth
never suffers.

* Affliction makes you struggle.
It brings you to street.
Both the tears and the water are the same.
Yet, the tears are the swing of sorrow.

Though a rare deed is impossible,
follow the multitude.
You will be assured of success.
If not, everyday the pains of sorrow
will knock at your door.

135. Tears

Toddy distils from the throat of
the spathe of the coconut.
Both sorrows and sufferings that thrust away
the irritating eye brows, come out.
They are the flood of salty tears.
Surada's Poetry

The bounty plundered from a country is also a tear.
Abusing, chopping and the like acts cause,
of course, tears.

-Book Harbour

The bad principle that one's own interest is great
also causes tears.
If one's love and a knowledge of mother tongue go down,
they also cause tears.

-Book Harbour.

All affliction of mind is tears.
What flows from the eyes are tears.
It is unfit to get salt.

The water of the ocean and the river Cauvery
cause flood.
The tears are the index of the afflicted people.

Those who are disappointed in love
shed their own tears,
Those who are afflicted with diseases
shed also tears of pain.

The tears of those who brave sufferings
amidst threats and tests are too the tears
applauded unanimously by the world
Alas! The pretending tears will instantly go dry.

--Book Honey-showd
136. Ageing
The ageing of wind is storm.
The ageing of ovary is fruit.
The ageing of seedling is the corns.
The ageing of friendship is affection.

The ageing of the person taking rest is sleep.
The ageing of the black flowing hair is crane-white foam.
The ageing of the person losing all wealth is never-ending poverty.
The ageing of the man is the death of youth.

-Book Harbour.

137. Death
When great people die,
we seldom include them among the dead.
We never forget them for they are immortal.

A laughing man forgets anxiety.
The evil doer weeps.
The dead man opens the eyes of those men who think as though they are going to live.

-The compiler seldom tastes.
The initiator never finishes.
One who divides never lives long.
Surada's Poetry

The people born in this world are short-lived.

The birth is the preface.
Speech is the mothertongue.
Forgetting is sleep.
Death is the epilogue

-Cine-lyrics.

138. Corpse.

The past is the corpse.

* The dried leaf also is a form of death.
It denotes also the corpse.

139. Cemetery

The cremation ground is the place
where the dead are burnt.
It is a fireplace
where the organs are burnt.
It is a small plateau consisting
of scattered teeth and bones.

* What a variety of men!
What a variety of deaths!
Finally all of them surrender to cemetery!

* The saint is totally indifferent to astrology.
The cemetery finds no difference between the good and the bad.
140. What I saw

I saw the bower of cloud in the sky
I saw the one world in my dream.
I saw the unlit lamp in the eyes.
I saw the spirit of joy in love.

-Periodical Porwal, 16.03.57.

I saw great scholarship in imagination,
I saw the motherland of dreams in the eyes.

-Periodical Surada, 01.03.68.

I saw a stain on the moon.
I saw the feigning of youthhood in embrace.
I saw cold and warmth in the sandal paste.
I saw the dried leaves being devoid of moisture.

-Periodical Porwal, 16.03.57.

I saw the suffering of the sugarcane in the sugarmills.
I saw the parrot-green trees on the banks of rivers.
I saw coil in leaves.
I saw the mind of the poor in the coil.

-Periodical, Porwall, 16.03.57.

I saw the treasure house of knowledge in the learned.
I saw the sufferings of the poor in their eyes.

141. Myself

It is my habit to say anything with an air of novelty
and with my own knowledge.
I never commit plagiarism.
I am proud to say
I am “the male form of Sendamil” (perfect Tamil)

* 

First I saw sweetness in my mother’s milk.
Surada's Poetry

Oh! Mature moon.
As a result I came up in life.
Then I saw the sweetness of Sendamil.
As a result I became the poet of Tamilnadu.

* 

I have no iota of mania for fame.
Nay! I have no even average jealousy
I am a poet,
More than that I am a good man of this land.

* 

The great men are those who give laudable ideas
The coward dies a hundred times in life.
What is the apple of my eye?
It is Tamil.
Good poetry is my very breath.

142. I Know Well

The pride of pelf is like a trail of water left by a fish, I know.
The fame only in this world is immortal, I know.

-Periodical Surada, 01.03.68

Those who gain victory face defeat some time, I know,
Nothing will result from empty talk, I know.
All the gold is the core of the bosom of the earth, I know
All the fame is an intellectual ornament, I know.

-Book-Harbo
Select thoughts

Love is the sea port of life.
If we say that life is sleep,
then love is a dream.

Desire long to get anything.

Sacrifice thinks of giving something.

One’s office (power) is just like a white wash done on the wall.

One who is the fountainhead of love, will help others even in the midst of tears.

What is love? It is the action of both mind and body.

If your respect the conviction,
then there is no room for reasoning.

Simile is not something born out of imagination.
It combines two existing things already in vogue.
The forceful simile based on convention in Sangam literature is left in the middle. The result is the growth of excessive imagination.

The more you stop wondering foolishly, the more you become wise.

There are able men who ascertain the weight of a body even while lifting it.
Likewise there are Solomon’s who judge a man at mere look.

The creator expresses his own abilities.
The compiler expresses others’ abilities.
